Introduction

One of the most interesting stages in life that allows you to explore is the 'college phase.' Life at college is the time when the teenage years end, and we all dive deep into the ocean of new beginnings and possibilities. This golden period better equips you for all the challenges you'll face in life and creates a strong foundation of knowledge. While it does mark a significant phase in life, is it a defining feature of your life's course? Does getting into a top tier college transform your life? Should one lose all spirit because they've not made it to their dream college? Does the glamour stick throughout life? We shall discuss this in our latest Express with Ease session, "Does college define your life?" with Mr. Ayush Kulkarni from SNBP World School, Ms. Aarya Raut and Mr. Divyam Dholwani from SNBP International School, and Ms. Nivedi Jain from SNBP School and Junior College. Join us on the 26th of February at 5:00 pm.
