UNIVERSITY HIGHLIGHT

Inside the Gates: Students Learn MAANG Strategies!

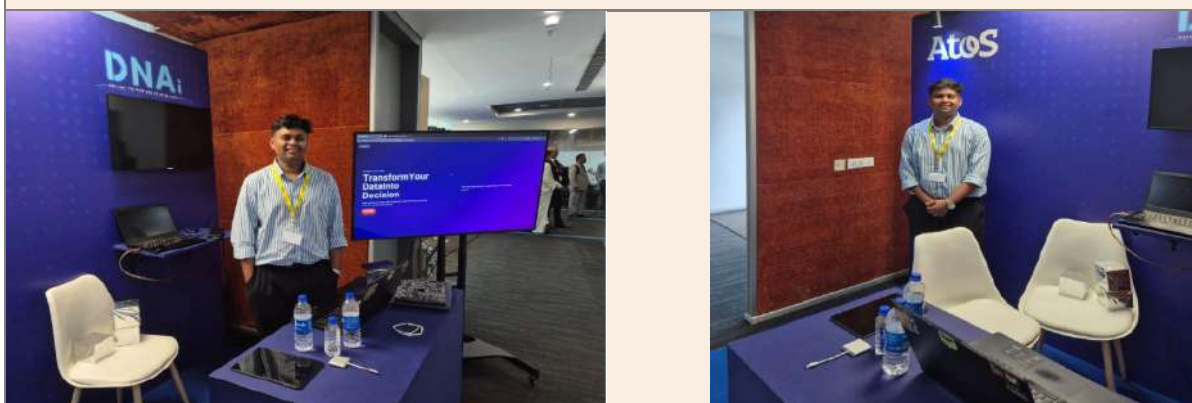

Vijaybhoomi University recently hosted a high-impact session under its FutureWorks Series titled “Inside the Gates: How to Break Into MAANG”, featuring Zarreen Shaikh, Project Manager at Microsoft. The talk offered students a rare insider perspective into what truly matters when applying to global tech giants like Microsoft, Apple, Amazon, Netflix, and Google.

Zaarreen emphasized that success in Big Tech isn't driven by coding speed but by clarity of thought and problem-solving ability. She highlighted the power of specificity in resumes, the importance of strong soft skills, and why interviewers evaluate how candidates think, not just what they answer. Students also learned actionable strategies; building meaningful projects, quantifying achievements, thinking aloud during interviews, and networking with purpose. The session empowered aspiring technologists with a clear roadmap to build strong profiles and confidently navigate competitive hiring processes.

STUDENT SPOTLIGHT

Mandar Shinde Builds Atheris AI - Turning Vision into Innovation

Mandar Shinde, a second-year student at VSST, collaborated with seniors Srihari Kanyaboina and Shivam Pratapwar to develop Atheris AI, an AI-powered data analysis tool that automatically generates insights, identifies trends, and predicts outcomes from csv files. Inspired by a hackathon by Atos Srijan 2025, the project became a journey of persistence and teamwork as the trio built it from scratch over three intense weeks.

Their dedication and problem-solving spirit paid off when Mandar received a full-time offer as a Junior Software Developer, marking a significant milestone in his early professional journey and showcasing the power of innovation and determination.

SCHOOL HIGHLIGHT

School of Law - A Visit to Alibag Jail

Students of the Vijaybhoomi School of Law stepped out of the classroom and into the real world during an eye-opening visit to the Alibag jail. The experience brought the Prison Manual to life as students observed correctional practices up close and saw how theory connects with reality.

A standout moment was the interactive session with the Jail Superintendent Officer, who shared insights on human rights, daily challenges, and the routine

of prison administration. The visit inspired reflection, curiosity, and confidence, helping students grow into thoughtful, aware, and compassionate future legal professionals ready for their journeys in law and service.

CLASSROOM INSIGHTS

Micro-Documentary Through Design Thinking

Students were assigned to create a 1-2 minute micro-documentary featuring either a meaningful campus space or a person who represents life at VU. To guide them, Prof. Pravin Mishra shared reference documentaries that helped students understand storytelling, framing, and the role of design thinking in shaping creative choices. They began by closely observing their chosen subject and exploring daily experiences at VU.

Through group discussions, they developed interview questions, planned their shots, and captured authentic visuals and natural sounds. During the final editing stage, students combined their ideas, demonstrating how empathy and collaboration can transform simple observations into engaging stories.

FACULTY का FUNDA

- Kumar Sargam, Hindustani Vocals, True School of Music

Hindustani classical music, rooted in Shruti, Naad, and Swara, has always inspired me with its sensitivity, creativity, and emphasis on self-improvisation. It nurtures emotional intelligence and holistic artistic growth. My first experience with the True School of Music at Vijaybhoomi University showed me that its vision, curriculum, and environment genuinely support meaningful, career-oriented musical development.

The calm and focused atmosphere is ideal for dedicated practice and learning. As a musician, singer, composer, and researcher, I feel responsible for passing on the knowledge and values of my gurus. I aim to elevate raga, shastra, and vocal performance while blending classical depth with light-music expression.

Newsletter Committee:

Anannya Kirtane, B.Des, 2nd year
Asmi Battoo, B.Tech, 2nd year
Bhargavaram Krishnapur, B.Tech, 2nd year
Elizabeth John, BPA (Music), 2nd Year
Chandni Tehelyani, MBA, 1st Year
Pranav Bagul, B.Tech, 2nd Year
Vibha Sikhwal

The VU Edge

Vijaybhoomi University is India's first Liberal Professional University, which uses the liberal-professional framework of education to build a unique curriculum aligned to Industry 4.0. The curriculum facilitates the process of self-discovery in the initial year and thereafter choice of majors and minors to prepare oneself in high-demand careers in data science, artificial intelligence, business, law, music, and design.

Mission
Nurture **holistic, socially responsible, and continuously employable** professionals.

Vision
To become an independent, multidisciplinary, globally acclaimed university that facilitates learner-centricity, builds pathways to groom holistic individuals, and fosters innovation.
