UNIVERSITY HIGHLIGHT

Vijaybhoomi University and BITS Pilani Sign Academic MoU

Vijaybhoomi University has entered into an academic Memorandum of Understanding (MoU) with BITS Pilani, marking a step towards deeper academic collaboration between two institutions committed to rigorous and future-oriented education.

The collaboration is structured to strengthen academic and research engagement through faculty interaction, knowledge exchange, and research-led discussions. For students at both institutions, this translates into learning environments shaped by stronger academic dialogue, exposure to diverse research perspectives, and teaching practices informed by depth and inquiry.

A key early dimension of this association is Vijaybhoomi University's role as a Knowledge Partner in the PIEDS-MSDE entrepreneurship initiative, led by BITS Pilani. Through this program, Vijaybhoomi University is contributing to the design and delivery of a structured "skill-to-startup" learning pathway, supporting technical students across India in transforming ideas into viable entrepreneurial ventures. The initiative reflects the shared emphasis of both institutions on experiential learning, innovation, and real-world impact.

Rather than being limited to formal agreements, the MoU focuses on building sustained academic conversations that influence how learning is designed and delivered over time. Such collaborations play a key role in creating ecosystems where students benefit from clarity of thought, interdisciplinary exposure, and evolving academic standards.

This partnership aligns with Vijaybhoomi University's liberal professional education philosophy, which emphasizes critical thinking, disciplinary depth, and relevance to a changing world. By engaging with institutions known for academic rigor and research excellence, the University continues to strengthen the foundations that support meaningful student learning and long-term intellectual growth.

STUDENT SPOTLIGHT
Aaryan Rai Engages with Industry Leaders at GSEA Pune

Aaryan Rai, a second-year student at VSST, recently won runner-up with national recognition in the Global Student Entrepreneur Awards (GSEA) in Pune as the founder and CEO

of TARIS Technologies. The experience allowed him to engage in meaningful conversations with deep-tech founders, veteran investors, and seasoned business professionals. Aaryan shared his vision of building AI-native systems that focus on real business outcomes rather than hype. The appreciation and recognition he received reaffirmed the importance of clarity, execution, and thinking. He expressed gratitude to the jury for acknowledging his vision, describing the experience as one that raised his standards and strengthened his commitment to building with intent.

STUDENT SPOTLIGHT
Litnoiz Turns Spontaneity into Sound

Leon D'souza, known by his artist name Litnoiz, a third-year student at the True School of Music, recently released a track born entirely out of creative freedom and friendship. The song took shape during his early days at TSM, when roommates shared their past work and experimented without pressure or expectations. Built around a sampled live performance inspired by Masala Coffee, the track came together organically within just three days and was recorded in Leon's room. Litnoiz served as the producer and handled the mixing and mastering, while vocals were performed by Aditya Shrimali. Created purely for fun, the song reflects honesty, frustration, and the joy of spending time with friends. Free from concepts, trends, or societal expectations.

STUDENTS SPOTLIGHT
Vijaybhoomi Students Make Their Mark at Mood Indigo 2025

Undergraduate students from Vijaybhoomi University recently showcased their talent at Mood Indigo 2025, Asia's largest college cultural festival, held at IIT Bombay from December 15 to December 18, 2025. The university recorded notable achievements across music, fashion, theatre, and creative arts.

Pranav Prasad from the TSM secured first place in MI Tunes - Singer-Songwriter Competition. In Trashion - Fashion with Trash, Divya Dewasi, Saniya Shukla, Tanayaa Gautam, and Kiara Fernandes won first prize, for their sustainable and innovative designs.

Vijaybhoomi's entire Dramatics team delivered an impressive performance by qualifying for the finals in Aagaaz (Street Play), Mime Time (Silent Theatre Play), and Thirdbell (Stage Play). Additionally, many students reached the finals across multiple creative competitions, including Hysteria - DJ War, Frames (Offline Photography), Rangeela (Watercolor Painting), Speak-Up - Turncoat Debate, Junk-Art (Best out of Waste), JAM – Just A Minute, Moodling (Doodling) and Mr. and Ms. Indigo – Talent and Personality Hunt.

These achievements highlight the university's vibrant cultural ecosystem and the passion, versatility, and dedication of its students on a national platform.

The VU Edge

Vijaybhoomi University is India's first Liberal Professional University, which uses the liberal-professional framework of education to build a unique curriculum aligned to Industry 4.0. The curriculum facilitates the process of self-discovery in the initial year and thereafter choice of majors and minors to prepare oneself in high-demand careers in data science, artificial intelligence, business, law, music, and design.

Mission
Nurture **holistic, socially responsible, and continuously employable** professionals.

Vision
To become an independent, multidisciplinary, globally acclaimed university that facilitates learner-centricity, builds pathways to groom holistic individuals, and fosters innovation.
